THE SPA AT THE MAYBOURNE BEVERLY HILLS

An Elegant, Tranquil and Secluded Spa in the Heart of Beverly Hills

Time stands still inside The Spa at The Maybourne Beverly Hills – a calming oasis that provides guests the opportunity to relish in a full day’s sensory journey focused on physical rest, emotional release and inner peace. A serene sanctuary to escape the noise, the spa – unparalleled in the city in terms of its scale – spans over 20,000 square feet across two levels and includes 17 treatment rooms, a mineral pool, two steam rooms, two saunas, an open relaxation area and retail boutique, along with a 24-hour state-of-the-art gym. Visit for a moment of tranquillity and savour in the stillness of Beverly Hills’ most sumptuous spa.

The Spa at The Maybourne Beverly Hills features an indulgent new menu of bespoke services offering a wide range of renewing facials, beauty and body treatments that brighten and balance using healing salts, soothing muds and the most sophisticated anti-ageing creams, leaving skin nourished and the face aglow. Whichever of the exceptional massage treatments are chosen, whether it is to relieve weary muscles or ease tension, a composed blend of oils and aromatics will regenerate the body and mind. All services are named after an affirmation that the guest would like to manifest then customized to the individual, from the oils used, to the pressure, techniques, breathwork and sound bowls.

New hero treatments include the ‘*I Am Beautiful*’ facial which utilizes a high concentration of oxygen providing powerful anti-aging results and collagen enhancing production. It also features microdermabrasion to reduce signs of aging and an LED light treatment for muscle toning, combined with an ultra-hydrating oxygen treatment to decrease the appearance of wrinkles.

The ‘*I Am Comforted*’ body treatment is an anti-stress treatment using anti-inflammatory coffee scrub, followed by a soothing, therapeutic wrap with CBD Moor Mud. It detoxifies and firms the body from head to toe while ridding of excess water, inflammation, and impurities.

In addition, the spa has partnered with specialty skincare brands *ila* and *Evidens de Beauté* to provide the finest products for guests with the purest ingredients. *ila* is an organic skin and body brand which focuses on the remedial power of plants, flowers, and herbs to produce hand-blended products with minimal processing. Every cream, oil, scrub and mask are designed to create change through touch and smell, the effects of which go far beyond the surface of the skin to restore emotional wellbeing. The Spa at The Maybourne Beverly Hills is the only destination in the United States to carry the *ila* brand.

Evidens de Beauté sets a new standard for skincare excellence, combining the very latest in Japanese cosmetic expertise and the brightest minds in French beauty. The high-performance range of skincare features a game-changing ingredient: triple collagen, three different sized collagen molecules to target different layers of the epidermis, correcting and mitigating signs of aging, while refining the skin's texture.

Inspired by ancient times when bathing was a ritual to be relished, one of the main spa highlights is the magnesium infused central immersion pool. With its soaring mosaics and sky-lit ceiling sprinkling in daylight, this one-of-a-kind experience leaves spa guests feeling rejuvenated and invigorated. Situated beside The Spa, the redesigned 24-hour gym at The Maybourne Beverly Hills features advanced, technical equipment including Woodway treadmills, Peloton bikes, Technogym elliptical trainers, Wattbikes and custom dumbbells designed by Pent, which are artworks in their own right. Private training instruction is also available for guests upon request.

To enjoy the serenity of The Maybourne Beverly Hills throughout the year, exclusive Spa Membership packages are offered at three levels of membership, with each featuring a host of special benefits including exclusive discounts, complimentary parking and treatments.

Spa Director Holly Edgin commented, "The Spa at The Maybourne Beverly Hills is a serene setting for guests and members alike. After months of anticipation, we have reopened our doors for complete pampering. Our passionate team has worked to create extraordinary guest experiences, immersive wellness programming and restorative retreats."

###

About The Maybourne Beverly Hills

Situated within Beverly Hills' famous Golden Triangle, The Maybourne Beverly Hills is a sophisticated escape from the hustle and bustle of the famous city on our doorstep; a rare and special place to unwind, right in the heart of Beverly Hills. Our spa is an unparalleled place of serenity and relaxation while on our roof, you'll discover a rooftop pool bordered by cabanas, and sun-dappled views of the Hollywood Hills. The Terrace restaurant, overlooking the lush Beverly Cañon Gardens, offers cocktails and seasonal California-inspired cuisine, where you can sit, sip and dine as the world passes by.
